

# Bowers CIS Add/Drop Announcements

## What to Know about FA24 Enrollment for BTRY, CS, INFO & STSCI Courses

- Many courses are restricted by dept majors and/or grad or professional students only.
- Course waitlists are open in Student Center\* for non-majors.
- Find links to enrollment policies and related info by visiting our [Courses Help Webpage](#) (or by scanning the below QR code).

### Need Enrollment Help?

- Scan the QR code to submit a ticket.
- **This is the fastest way to get help!**
- Please do not submit multiple tickets for the same issue—update/check your ticket by clicking the blue box.

*\*where applicable.*

A screenshot of the Cornell University Bowers CIS Courses Help webpage. The page has a red header with the Cornell University logo and navigation links: Home, Services, Knowledge Base, and Reports. The main title is "Bowers CIS Courses Help (BTRY, CS, INFO &amp; STSCI)". Below the title, there are two buttons: a red "Submit A New Ticket" button with the text "Click to submit a Bowers CIS Courses support request." and a blue "View Your Current Tickets" button. To the right of these buttons is a photograph of a modern building with a large, curved, yellow and orange facade. Below the buttons, there is a section titled "Submit a Ticket for Help with:" followed by a list of links: Add/Drop, Waitlists, Petitions, Pre-Enroll, and Other course-related questions. Another section titled "Key Resources:" follows, with links to "Computer Science Enrollment &amp; Waitlist Information", "Information Science Enrollment &amp; Waitlist Information", and "Cornell University Guide to Enrollment". A "Forms and Petitions:" section explains that forms and petitions must be requested through the admitting college's Registrar Office and lists relevant offices for Bowers CIS students: A&amp;S, CALS, Engineering, and Graduate School. At the bottom, it says "Access the College Registrar Directory for other colleges."
